

Cheryl Ehlers and The Stardust Arts Receives Recognition from California State Assembly

By Cheryl Ehlers

Dated: Aug 11, 2010

The Stardust Arts program created by Cheryl Ehlers for the youth in North County, is recognized for her commitment to the youth in the community.

The Stardust Arts program based in Carlsbad, CA, has been honored for her commitment to the Arts and her program for the youth.

August 11, 2010, the 74th District, California State Assembly recognized and honored The Stardust Arts Program.

Assemblymember Martin Garrick recently signed a letter of appreciation and presented a Certificate of Recognition to Cheryl Ehlers honoring The Stardust Arts Program for it's commitment in the communities of Carlsbad, Oceanside and Encinitas.

The program has now touched over 1900 youth and is still counting since it's inception on September 5, 2009. With astonishing results, The Stardust Arts has "reached for the stars" and "created dreams" in art for all those that have crossed her path. May the memories and lessons in art remain in those minds of the youth and carry them into a future of possibilities abound. Lest they never forget, "anything is possible" if you believe in yourself.

The program is staging for the Oceanside Unified School District's schools that have requested the program return to their schools. Negotiation are in process at this time to include at least three of the schools in a year round program encompassing the methods and talents of Cheryl Ehlers art concepts to be provided to their students.
